

PLANFARM TERRAWISE

CARBON SOLUTIONS TAILORED TO YOUR FARM

Planfarm TerraWise specialises in helping landowners to understand, implement and manage carbon solutions on-farm.

Whether you are looking to calculate your farm emissions, start a carbon project, or better understand the evolving ESG landscape in farming, our client-focused services ensure the best outcome for your business.

TERRAWISE INSIGHTS

Grow carbon wise with TerraWise

A practical package to help Australian farmers stay on top of carbon and sustainability changes. Built for farmers, to cut through the noise with clear, timely information and support.

- Includes:
 - **Monthly Online Sessions** – Farmer-only sessions with expert insights, Q&A and peer support.
 - **Monthly Updates** – Clear, timely insights on carbon policy, markets, and on-farm opportunities.
 - **Resource Hub** – Access to practical tools, guides and tailored content.
 - **1-on-1 Access** – Personalised advice to discuss your farm, goals, and carbon opportunities.

BASELINE CARBON ACCOUNT

- Understand and calculate your business emissions and carbon stocks
- Establish systems for ongoing annual carbon accounting
- Set yourself up for impending supply chain compliance
- Advice on carbon-related opportunities available to your business

CARBON ACCOUNTING ADVISORY SERVICES

- Develop an emission reduction strategy aligned with your business goals
- Provision of annual carbon accounts to track and report on emission trends
- Deliver carbon reporting tailored to supply chain needs
- Advice on market opportunities and carbon projects

CARBON OPPORTUNITY REPORT

- Identify carbon farming project opportunities specific to your business
- Includes potential carbon yields (ACCU generation), market insights, financial estimates, optimisation opportunities and next steps

CARBON PROJECT DESIGN AND PLANNING

- Develop a registration-ready carbon farming project aligned with the ACCU Scheme.
- Ensures compliance, scientific rigour, and practicality
- Addresses current and future business activities, risks, and project logistics

CARBON PROJECT MANAGEMENT SERVICES

- Tailored management for every step of your carbon project
- Includes ongoing guidance and technical support, record keeping, reporting, compliance checks, contractor and regulator liaison and coordination

OUR COMMITMENT TO YOU

At Planfarm TerraWise, we uphold the same values that have defined Planfarm for over 50 years: **trust, transparency, independence, and client-first service.**

We are here to help you to identify your carbon potential and navigate the growing carbon industry, whilst always ensuring that you stay in control.

WHY CHOOSE PLANFARM TERRAWISE?

TIERED SERVICES

You can partner with us at any stage on your carbon journey. Whether it is starting with a baseline carbon account or carbon project management, you decide what works best for you. We are here to support you every step of the way.

FEE FOR SERVICE

We operate on a transparent fee for service basis, meaning we are paid for work delivered and do not seek ACCUs.

YOUR BEST INTERESTS FIRST

We work exclusively for you. We are independent advisors who ensure that you receive a service that ensures the optimal outcomes based on your unique needs.

AGRICULTURAL EXPERTISE

As part of Planfarm, we leverage our deep connections across both broadacre and intensive agriculture to provide carbon solutions tailored to your business. Our hands-on experience ensures these solutions are both practical and achievable.
